---

## Freelance Projects

- Turfmates**

- Real Estate Application for US market*

Redefining real estate. I worked on this as a freelance project. This app is live on the US Appstore. It lets you list properties you want to sell or buy from the listed properties. It has support for chat and a 3D view of the home.

<https://www.crunchbase.com/organization/turfmates>

- Oye Captain**

- Cricket Fantasy Platform*

Developed an online fantasy cricket platform that organizes fantasy leagues for people to participate in. Free as well as paid leagues are available, users stand a chance to win a cash pot prize for the latter.
